RECALL LEADERS  
FACE \$50,000 SUIT

Action Taken by J. A.  
Rebb; Pomeroy Order  
To Enable Complete  
Purging of Petition.

Again balked in their efforts to have council consider the Key recall petition, while withdrawals and denials of signatures continued to weaken the legal margin required for its passage, foes of Mayor James L. Key Friday began a drive to stop the leaks in the document, while the mayor himself termed the recall maneuver a "gigantic fraud."

Friday night the margin of signatures had dwindled to 158, with 28 other demands for removal awaiting a check by J. Henson Tatum, city clerk. A total of 129 names had been stricken from the list up to that time.

Charges of forgery continued to play an important part in the demands for withdrawal of names, while some signers asserted they had signed petitions asking the Georgia assembly not to permit an increase in local water rates only to have their names appear as signers of the recall.

There was every indication that unless a supplementary list of names is filed with Tatum before Monday that the required 4,997 names necessary to force the election will not be left on the original petition and the recall move will crumble.

Tatum Ordered Into Court.  
So rapid were developments in the city's political embryo Friday that opposing sides were unable to keep informed with each succeeding activity. The main developments consisted of the following:

1. Judge E. P. Pomeroy cited Tatum to appear in court March 5 on a rule nisi issued to force him to show cause why the list should be submitted to the assembly and purged completely. Pomeroy declined to issue a temporary injunction but said that if an emergency arises he would set the case for an immediate hearing so as to protect the interests of citizens whose names, it is alleged, were illegally given to the city clerk.

2. It became known that citizens opposed to the recall movement have studied its legal phases and have been informed by lawyers that all signers of the petition who have not paid all taxes due to the city have exposed themselves to indictment if they took the registered voters' oath. These opponents contend that a statistical analysis of the recall petition which will be made public in the near future, will reveal widespread irregularity, and further charge that many persons who did sign the paper were motivated by selfish or political impulses.

3. A libel suit was filed against A. Steve Nance, president of the Atlanta

## City Officials Kept Busy Removing Names From Key Recall List

## LEADERS CLASH ON HOOVER VIEWS

Garner Lashes at President While Hurley Chides Raskob on Prophecy.

BY D. HAROLD OLIVER.  
Associated Press Staff Writer.

WASHINGTON, Feb. 26.—(AP)—The preconviction presidential races took a new turn today, with President Hoover's prohibition and economic views the hub of spirited debate.

First, Secretary Hurley took John J. Raskob to task for saying he had apparently authentic information that Mr. Hoover would run on a prohibition referendum platform if the republican party adopted one.

Then Speaker Garner, who is being boomed for the democratic presidential nomination, lashed out at the president in a press conference, asserting he had "led us into the greatest panic the country or world has ever known."

White House officials declined to comment on the Raskob statement, made in an address last night in New York.

Neither would administration leaders talk on the action late today of the republican state committee of New Jersey in recommending that that state's delegation, yet to be selected, support Hoover for renomination and work for an eighteenth amendment repeal plank.

Several eastern republicans have been urging the president to stand not protest officially.

Although the memoranda were not identical it was understood they all expressed appreciation for the efforts of the Japanese command to keep the fighting zone outside the settlement and hoped it would continue to do so.

The request asked that if Japan sent any more troops to Shanghai that she disembark them outside the settlement and suggested that if the warships were moved from the Whangpoo they would not attract Chinese shells, which might fall inside the settlement.

Each ambassador called separately on the foreign office and presented his memorandum. It was understood that the four powers had had consultations before the memoranda were framed.

## Powers Call on Japanese To Halt Military Activity In International Section

TOKYO, Feb. 26.—(AP)—Four great powers called on the Japanese government today to avoid landing any further forces in the International Settlement at Shanghai and to move Japanese warships out of the Whangpoo river off the Shanghai settlement.

The requests were in the form of memoranda and, avoiding the larger issues, were presented by the ambassadors of the United States, Great Britain, France, and Italy. They were not protests officially.

Although the memoranda were not identical it was understood they all expressed appreciation for the efforts of the Japanese command to keep the fighting zone outside the settlement and hoped it would continue to do so.

Stimson Places Curb  
On Note-Writing Policy

WASHINGTON, Feb. 26.—(AP)—A moratorium on note-writing to China and Japan concerning their conflict in the far east was declared today by Secretary Stimson.

After a protracted conference with President Hoover at the end of a day of closely watching developments in the orient, the secretary of state declared indirectly the administration felt the American position needed no further exposition. He issued a detailed summary of policy Wednesday.

SHANGHAI ENJOYS  
UNUSUAL QUIET

Few Planes Scout  
Trenches, Drop Bombs,  
But Both Sides Rest on  
Arms; Japs Wait Troops

BY MORRIS J. HARRIS.  
(Copyright, 1932, by The Associated Press.)

SHANGHAI, Feb. 27.—(Saturday.)—(AP)—The Japanese army and navy air fleets combined forces this morning for a fierce bombing attack on the Japanese fort at Woosung. In addition to dropping numerous bombs on the forts at the mouth of the Whangpoo river, the planes flew to the north-west along the south bank of the Yangtze, where they loosed explosives on Chinese defense works.

Meanwhile an unfamiliar hush had settled on the other end of the battle line. The whole Shanghai front was quiet after the Chinese succeeded in thwarting the Japanese attempt to bottle up their strategic center of the line at Kiangwan.

Chinese Shell Chapel.  
Shortly before daylight Chinese batteries in Chapei started a heavy shelling of the Japanese positions in Hongkew. But this burst of activity lasted only a brief period and drew only a desultory reply from the Japanese guns.

Then the whole battlefield became quiet. Freed for a few hours from the manna of shrapnel and bullets, the soldiers of Chinese and Japanese—suffered in bitter cold as a biting wind swept over the battlefield. In the morning Japanese airplanes flew over the line, but for some strange reason the Chinese machine guns and anti-aircraft batteries were silent.

Shanghai residents accustomed to the roar of the air war almost every hour of the day, didn't know what to make of it.

Japs Await Reinforcements.  
At 3:30 a. m. the Japanese broke the quiet for a short but severe bombardment on the Kiangwan front, and then backed to inaction.

One possibility is that the Japanese were determined to sacrifice no more men until their reinforcements arrive. The North China Daily News reported that new units would get here today. The 11th division would be the first to land, the newspaper said, and would be followed shortly by the 14th.

Three additional divisions are being mobilized in Japan, the Daily News reported, and soon the Japanese forces here will constitute the largest foreign army ever to set foot on Chinese soil.

Commenting on widespread reports Continued in Page 8, Column 5.

The man was wearing a brown topcoat with the name of a Ventura (Cal.) store on the inside pocket, a brown slipover sweater, a gray cap and black shoes, size 6 1/2. He weighed about 155 pounds and was 5 feet 9 inches in height. A scar, apparently caused from an operation, was found on his left side.

Directors of the Coca-Cola Company will hold their regular quarterly meeting in Atlanta on next Monday morning. So far as could be learned, this will be a routine meeting with the exception of passing on the regular quarterly dividend. Dividend action, of course, could not be predicted in advance of the meeting.

On motion of Senator Walter F. George and Representative Charles H. Brand, of Georgia, the United States supreme court Friday admitted to practice before it Paul L. Lindsay, attorney and member of the Georgia legislature from DeKalb county.

Will of the late David R. Wilder, prominent retired manufacturer, was filed for probate with the Fulton county ordinary Friday afternoon, and named his widow, Mrs. Fannie R. Wilder, as the sole heir. The amount of the estate was not given, but is understood to be large. The will named Mrs. Wilder as executrix. It was drawn and signed on December 9, 1919.

Maek Deroche was cleared by the Fulton grand jury Friday of a murder charge and another of carrying a pistol; Gilbert Swint was cleared of a murder charge, and A. D. Eade, charged with involuntary manslaughter, was exonerated, as was Paul Mc-

Mahan, charged with involuntary manslaughter, in connection with an automobile accident that took the life of Horace Brown, was exonerated, as was Paul McMahon, charged with involuntary manslaughter for the death, through an auto accident, of Walter Browning. The last no-bill was on a burglary bill.

Sheriff James I. Lowry is preparing to carry out state orders in regard to the handling of 1932 auto license plates on March 1, it was stated Friday when a request for the addition of a special deputy to help care for the work was made to the county board of commissioners. Action on the request was deferred.

Emergency Relief Center asked the county for \$41,214.56 of the \$150,000 appropriation made to them earlier, at a meeting of the county board Friday. The request was to meet a number of grocery and fuel bills. The county in granting the original appropriation set out that amounts might be requested from time to time as needed from the principal sum.

Members of the Georgia chapter of the American Guild of Organists were guests of Dr. David Marx, Dr. Charles A. Sheldon and the Hebrew Benevolent Congregation Friday night at the annual guild service at the Jewish temple, Peachtree and Spring streets.

Physicists and chemists of Atlanta and vicinity Friday night heard an address by Dr. Fred Allison of Alabama Polytechnic Institute, given at a meeting in the Georgia Tech dining hall. The meeting was preceded by a dinner at the Georgia Tech.

Receipts for the presentation of "Pearly Gates" Thursday night will be distributed among the poor and needy school children this week, according to Mrs. E. A. Thorpe and Mrs. L. J. Elsas, co-chairmen of the committee. The amount of money to be used for charity was less than \$1,000, they said.

The title of "chief of quarantine and sanitation" was abolished by the county commissioners Friday at the request of the board of health and the name "county health officer" substituted. It was also taken under advisement whether to deposit certain statistical and diagnostic duties performed at present by Dr. J. P. Kennedy, city health officer, for the county, onto the shoulders of Dr. W. N. Adkins, newly-appointed county health officer.

### GEORGE COX ARRESTED ON ROBBERY CHARGES

George Cox, 26, who was one of three men charged with the murder last September of Benjamin L. Lichtenstein, prominent grocer, and against whom the charge still is pending, was taken in custody Friday night by detectives and identified, police asserted, as one of three men who held up a laundry truck driver last Tuesday afternoon.

Cox, who is at liberty in the Lichtenstein case on \$3,000 bail, was charged with highway robbery and bail of \$5,000 set. He will be given a preliminary hearing in recorder's court this morning.

W. A. McDaniel, 138 Stewart drive, Brookhaven, was positive in his identification of Cox, detectives said. McDaniel was robbed of \$25 and a watch after being made prisoner in his truck.

Cox vigorously denied that he was one of the trio of robbers.

## BRUENING WINS REICHSTAG TEST

### German Chancellor Beats Off Three Attacks of Government Foes.

BY LOUIS P. LOCHNER.

BERLIN, Feb. 26.—(P)—Three times in quick succession the reichstag voted confidence in the Bruening government today, then defeated three opposition motions regarding procedure, whereupon the national socialists called the meeting a "monkey show."

The chancellor expected a margin of 15 votes against a motion of non-confidence in the entire cabinet. He got 25.

There followed a motion of non-confidence in Wilhelm Groener, minister of defense and interior. It was defeated 205 to 230.

Then came a similar motion against Hermann Dietrich, the finance minister, and the reichstag turned it down by 201 to 250.

The nationalists moved to dissolve the reichstag and were defeated by 71 votes. Adolf Hitler's national socialists lost by a wide margin on a motion to suspend the chancellor's emergency decrees for the duration of the presidential campaign, and the communists lost by a vote of 568 to 75 on a proposal to "stop all payment of tribute based on the Versailles treaty and annul all private debts to capitalists."

That overwhelming margin did not mean what it appears at first glance, for after the vote the national socialists the nationalists and the populists, said that if the motion had been separated they would have approved that part which advocated abolition of reparations.

Thus the chancellor consolidated his position at least until March 13, when the people vote for a president.

Adolf Hitler, who heretofore has been ineligible for the office because he was not a citizen, qualified on that count today by accepting appointment as councillor to the Berlin legation of the state of Brunswick.

Late in the night session the reichstag reacted to Hitler's naturalization by adopting a communist motion stopping the contribution of the national treasury to the police administration of Brunswick, and another communist motion calling upon the government to cancel a recent ordinance readmitting the national socialists into the reichswehr (the national guard).

Hitler scored a point, however, in a resolution offered by the municipality of Coburg, offering him honorary citizenship in recognition of his assumption of German nationality.

The reichstag adjourned at 10 o'clock tonight, since die. It was left to Speaker Paul Loebe and the council of elders to reconvene the body when necessary.

### ANTHEM MANUSCRIPT IS VALUED AT \$500

BALTIMORE, Feb. 26.—(P)—The original manuscript of the "Star Spangled Banner," written by Francis Scott Key, at the battle of North Point, in 1814, was valued at \$500 in a supplemental inventory filed in orphans court today in the estate of Henry Walters, chairman of the board of directors of the Atlantic Coast Line, who died recently.

The inventory, the fourth to be filed in the estate so far, totaled \$30,852 and brought the total value of the estate to \$14,003,728. None of the inventory filed so far have included the Walters real estate holdings.

## First Operation Under Ether Will Be Re-enacted Over Radio

A dramatic sketch re-enacting the first operation performed while the patient was under the influence of ether will be given over a National Broadcasting Company network and WSB tonight from 7 to 7:30 o'clock when the "Danger Fighters" take the air.

Giving full credit to Dr. Crawford W. Long, famous Georgia discoverer of the benefits of ether, for performing the operation in 1842, the sketch will set at rest the controversy that has in recent years arisen to discredit the Georgia physician. Only recently a dramatized sketch broadcast by NBC set out that Dr. W. T. G. Morton, of Boston, performed the first operation with ether in 1840.

Upon protest from Dr. L. C. Fischer, of Crawford W. Long Memorial hospital, in Atlanta, the NBC officials arranged the sketch to be presented tonight.

The dramatization will be based upon a book written by the late Dr. Joseph Jacobus, intimate friend and employer of Dr. Long. The book is considered the most authoritative chronicle of the discovery and use of ether.

At 7 o'clock tonight Dr. Frank C. Boland and Dr. Fischer will act as hosts to a gathering of professional and business people in the assembly room of the Crawford W. Long Memorial hospital, on Linden street. Distinguished physicians will gather to hear the re-enactment of the famous operation which led to the general use of ether in relieving pain. Invitations to attend the radio gathering were given to the general public and especially to doctors and surgeons.

WSB will join the national hook-up for the program.

### General Volunteers For Pacifists' Army

LONDON, Feb. 26.—(P)—The plan to stop the war in Shanghai by having civilian pacifists walk between the lines and remain there until the warring forces disband is gaining converts in England.

One of the first volunteers today was Brigadier General F. P. Crozier, author of "The Brass Hat in No Man's Land."

DAVISON-PAXON CO  
ATLANTA - affiliated with MACYS, New York

We are about to complete our fifth year in our present building—the finest retail structure in Atlanta. We will fittingly celebrate this fifth anniversary very soon.

Little more than five years ago there were no important retail stores so far up town. Today a number of Atlanta's successful retail stores are located within a stone's throw of our doors.

What was thought to be an experiment in location has proved (especially during the difficult business conditions of the past twelve months) to have been a wise, farsighted move.

This store has made more friends during the past year than during any other similar period. We have sold a larger volume of merchandise to a larger number of people than during previous years.

Our plans for 1932 are based on the belief that Atlanta will regain its normal stride quicker than many other communities because of the buoyant spirit of our own people, which has successfully carried us through every previous emergency.

People have found this location easy of access from wherever they live. Our buyers are constantly in the markets procuring fresh, new merchandise with particular emphasis on its character, style and design so that you will find in this store merchandise that has something else to recommend it except only its cheapness.

In this work our buying staff is receiving tremendous help from Macy's buyers in New York, who cover the markets of almost the whole world. They are glad to contribute their services because they are proud of the progress Davison-Paxon's is making in Atlanta.

We continue to believe as we always have, that "IT'S SMART TO BE THRIFTY," but we believe that the women of Atlanta, with their strongly developed love for beautiful things, feel now that "IT'S THRIFTY TO BE SMART."

Therefore, the merchandise that we are buying and the plans that are being carried out are shaped by the desire that you may continue to find this the most pleasant and satisfactory store with which to deal. Not all merchandise is cheap because it is low priced unless it is good enough to give satisfaction in its possession or wearing qualities.

There is a pronounced demand becoming apparent for quality to play a more important part. So without losing sight of THRIFT, this store will place its emphasis on smartness and desirability, assured that this is what Atlanta wants and needs from one of its principal stores.

# BANKING BILL SENT TO WHITE HOUSE

## Senate Approves Glass-Steagall Measure Without Roll Call.

**out Roll Call.**

**BY FRANCIS M. STEPHENSON.**  
WASHINGTON, Feb. 26.—(P)—Congress sent the Glass-Steagall credit expansion bill to the White House today and President Hoover announced he would sign it tomorrow without comment.

The measure opens the vast resources of the federal reserve to credit for the banks and the depositors and makes available almost a billion dollars in gold for national use and security.

It carries the hopes of congressional leaders of both parties for a revival of confidence and the promise of the administration that it will keep America out of the upward swing economically.

Senator Glass, democrat, Virginia, who sponsored the legislation, put it through the last step of its record-breaking congressional run today with a brief explanation to the senate of the agreement adjusting differences between the senate and house.

The bill has a 70-20 vote of approval without a word of debate and without a roll call. Its action followed affirmation by the house, where Representative Clegg, republican, Alabama, guided the legislation.

**Finance Corporation  
Bureaucratic - Burgess**

TRENTON, N. J., Feb. 26.—(P)—Methods of the Reconstruction Finance Corporation were described today by George S. Burgess, vice president and secretary of the New Jersey Chamber of Commerce, as "typically bureaucratic."

Complaining against "the perfunctory way in which suggestions for improvement in the corporation's conditions are treated," Burgess said an assistant

ant to General Charles G. Dawes, president of the corporation, sent "only a two-sentence letter of reply" to a request for advice on the chamber's plan to pledge 10,000 manufacturers to increase employment and production.

"Your unctious acknowledgment of my letter," Burgess said in a letter to the assistant, Joseph G. Mason, "is typically bourgeoisitic. General Dawes—it is evident—did not see my letter nor suggest your empty reply."

## MRS. COFFIN DIES OF HEART ATTACK

Wife of Auto Magnate  
Passes While Visiting on  
Sea Island.

BRUNSWICK, Ga., Feb. 26.—(AP)—Mrs. Howard E. Coffin died unexpectedly on Sea Island, near here, today while preparations were under way at the Coffin home on Sapelo Island near by for a visit from Mrs. Herbert Hoover, wife of the president.

Mrs. Coffin had come to Sea Island to the home of Alfred W. Jones, nephew of her husband, where she suffered a heart attack. She died there today while Mrs. Hoover was en route down the south Atlantic coast on the department of commerce motor ship Sequoia. Mrs. Hoover had been expected to spend tomorrow night at Sapelo, on her way to Miami.

Mrs. Coffin formerly lived in Detroit, Mich., where her husband was prominent in the motor and aviation fields. He has been vice president and a director of the Hudson Motor Company for several years, a director of Detroit banks and a director of aviation corporations.

Mr. Coffin is president of the Sea Island Company, which developed an island by that name, off the coast near Brunswick. At Sapelo Island, where he and Mrs. Coffin built their home, they entertained Mr. and Mrs. Calvin Coolidge while Mr. Coolidge was president of the United States. Among the other prominent visitors at Sapelo were Colonel Charles A. Lindbergh and Gene Tunney.

Mr. and Mrs. Coffin were personal friends of President and Mrs. Hoover. Mr. Coffin's grandfather bought the Hoover home at West Branch, Iowa, and Howard Coffin was born in the little brick farmhouse there.

Mrs. Coffin was 51 years old. Before her marriage, October 30, 1907, she was Miss Matilda V. Allen, of Battle Creek, Mich. Among the survivors are her father, Edmund A. Allen, and an aunt, Mrs. C. J. Vary, of Battle Creek.

Funeral services will be held from the home of Mrs. Jones, Sea Island Beach, Monday morning at 10:30 and burial will be in Frederica cemetery, St. Simon's Island.

**PRESIDENT HOOVER SENDS CONDOLENCES**  
WASHINGTON, Feb. 26.—(AP)—President Hoover tonight dispatched a message of condolence to Howard E. Coffin upon the death of his wife today at Sea Island.

## Ambassador Mellon Unconcerned About Knee Breeches for Court

AUGUSTA, Ga., Feb. 26.—(AP)—In high good humor, Andrew Mellon, who resigned as secretary of the treasury to become an ambassador, said Friday he is not worried over the question as to whether one should wear knee breeches at the court of St. James.

He said he had given no thought to the question of court dress in England, where he is to go shortly as the ambassador of the United States.

The 77-year-old financier laughed as a reporter asked him about the knee breeches.

"I have been asked that question several times, and all I can say is that I do not know. I do not know whether it is customary now or not. I think that formerly it was customary for all in the court to wear the formal court dress, but whether it is different or not I don't know."

"What," he asked with a smile, "was the answer of Ambassador Davies to that question?" although he appeared to know the answer. "Charles G. Davies refused to wear the knee breeches."

The former financial expert of the United States, who is here "just for a rest and to recuperate from a cold," received a newspaper reporter cordially in his large suite at a winter tourist hotel.

He turned the tables on the interviewer by firing a barrage of questions at him about topics ranging from prospective cotton acreage in this vicinity to the whereabouts and present activity of former Senator Thomas Heflin, of Alabama.

Arriving here Thursday, Mr. Mellon appeared to be in good health. He was in fine spirits. He said he doubted if he would play much golf while here. "I am not much of a golfer," he confided. "I have not played for a long time. I suppose that most of my days here will be similar to the first."

On the day of his arrival he took a walk during the afternoon and spent the rest of the day reading. "I have a little cold in the throat," he said, "and my doctor told me to take down here or to some other place with a similar dry climate to get over it. I am sure that will be all right within a week. I intend to stay two weeks, however, or maybe longer unless I am called away, just to get a good rest before going abroad. I have not set a date for sailing."

Mr. Mellon was accompanied here by Mr. and Mrs. David Bruce, his son-in-law and daughter.

**GOLD STAR MOTHERS SUPPORT KENNEDY**  
BARNESVILLE, Ga., Feb. 26.—Harvey J. Kennedy, candidate for congress from the sixth district, has been endorsed by the Gold Star Mothers of Lamar county. The statement from the seven women who lost sons in the World War is as follows:

"We, the undersigned, Gold Star Mothers of Lamar county, think it would be a beautiful tribute to the memory of the late Honorable Samuel J. Rutherford to elect as his successor a disabled veteran of the World War. Mr. Rutherford was the best friend the soldier boys have ever had in congress, and it would be altogether fitting and proper to elect Honorable Harvey J. Kennedy to fill the unexpired term of Mr. Rutherford and thus send to congress the first disabled World War veteran to offer for this high position from Georgia."

## MRS. HOOVER PAYS VISIT TO SAVANNAH

"First Lady" Saddened  
by News of Death of  
Mrs. Coffin.

SAVANNAH, Feb. 26.—(AP)—Mrs. Herbert Hoover, making a southern cruise aboard a department of commerce boat, was visibly saddened upon arrival here today by news of the death of Mrs. Howard E. Coffin, at whose Sapelo Island home she had planned a brief visit.

After the official reception in Savannah it was announced Mrs. Hoover would not stop at Sapelo on the way to Miami, southern terminus of the trip.

After a 45-minute automobile tour of the city Mrs. Hoover returned to the motor ship Sequoia. Officers of the crew said they would sail during the evening and anchor for the night in one of the inland waterways south of Savannah.

Mrs. Hoover and Mrs. Coffin were friends of long standing.

There was a large assemblage to welcome Mrs. Hoover. A special automobile with police escort awaited her. Mrs. Hoover was greeted by Mayor Haynes. A basket of flowers tied with red, white and blue ribbon was presented as a gift from the city of Savannah. The riverfront was decorated with flags. The sailors on the United States coast guard cutter Yamacraw stood at attention as Mrs. Hoover's boat passed and the band played the "Star-Spangled Banner."

When a photographer secured permission to make a picture of Mrs. Hoover, she requested that some of the Girl Scouts gather around her. This was done.

The official welcoming committee was headed by Mayor Haynes. Mrs. Hoover was presented to each member of the committee by Brigadier General Robert J. Travis and Peter R. Nugent, president of the Chamber of Commerce. Mrs. Hoover renewed old acquaintances with Miss Nina Pope and Mrs. Carl Esby, active in the Girl Scout movement. Mrs. Hoover remarked that one of her first visits here was in connection with a Girl Scout meeting.

The floral gifts to Mrs. Hoover from the city of Savannah, the Chamber of Commerce and the Girl Scouts were presented by Miss Julia Groves, daughter of Mr. and Mrs. Robert W. Groves, a member of Troop 13 of Girl Scouts. Mrs. Hoover rode about the city for about half an hour, then returned to the boat.

Mrs. Hoover expressed surprise at the large number of people, estimated at 4,000, on hand to greet her, saying she had expected to come in very quietly.

Mrs. Hoover extended to Governor Russell through General Grayson her best wishes for a successful administration.

As a result, the attendance of 1,000 was the largest in history, and unlike other years, the party showed a profit. The proceeds will go to Yale students needing financial assistance.

**MAN HELD FOR SLAYING FORT BENNING SOLDIER**  
COLUMBUS, Ga., Feb. 26.—(AP)—H. L. Allison, 24, was held in Muscogee county jail Friday on a charge of murder, following his surrender last night when he reported killing his brother-in-law, Sergeant Walter Peregowski, 40, of the Fort Benning Infantry school.

Allison's sister, Mrs. Hattie Peregowski, 32, was held as a material witness.

Allison told officers the shooting occurred at Peregowski's home when he asked the soldier not to molest Mrs. Peregowski. He said Peregowski threatened him with a fire poker and he fired in self-defense.

After the shooting Allison drove to Columbus, informed John B. Miller, chief of county police, of the affair by telephone, and returned to the Peregowski home where he surrendered upon the arrival of officers.

Mrs. Peregowski was found sitting on the back porch, officers reported, seemingly unaware her husband had been shot. Police said she was too intoxicated to make a statement. Peregowski had been drinking, they said.

**\$15,000 FIRE DAMAGE TO STORE IN BAXLEY**  
BAXLEY, Ga., Feb. 26.—Fire was discovered in Wolfson's store, on North Main street, about 7:30 tonight. The store is located in the Baxley State Bank building. Damage is estimated to be \$15,000, fully covered by insurance.

For a time it was thought the fire would get away from the local fire department and apprehension was felt for the Dry Hardware Company, located next door. Guns, ammunition and other inflammable materials were removed from this store to safety. Mr. Wolfson is one of the oldest merchants in Baxley.

**Worth Farmer Irked By Obliging Candidate**  
SYLVESTER, Ga., Feb. 26.—Luther Bell, farmer of Parkerville section of Worth county, is peeved and looking for the candidate who stopped at his house recently while he was away and cut up a stack of fence posts. He states that he brought the posts in from the woods a day or so previous. The candidate, it seems, mistook them for wood and wishing to be accommodating, shook, his coat and cut the posts into firewood lengths and wrote the following on a card and left it on the woodpile: "I called to see you and while waiting for your return I cut up this pile of wood. I will appreciate your vote in the coming election."

It is so unnecessary for you, lady, to suffer month after month from inorganic pains, because "B.C." a pleasant acting remedy, will bring soothing relief in three minutes.

"B.C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients, used by many physicians, so blended and proportioned as to accomplish in a few minutes what a believe no one drug formula can do in an short a time.

## New Stage, Screen Programs At Atlanta Theaters Today

### DUNN AND EILERS STAR

#### IN "DANCE TEAM" AT FOX

"Dance Team," the third starring production for the new team of screen stars bidding for top honors in popular favor, Sally Eilers and James Dunn, is the screen feature on the new program opening at the Fox theater today.

This picture, made from the successful novel of the same title by Sarah Addison, is one of the most delightful and emotionally appealing stories seen on the screen for a long time. It is a story of love with fame acting as the rival to happiness. A young New York couple, ideally happy until success turns their heads, win their way back to sanity and happiness before the end.

The new stage show at the Fox is Fanchon & Marco's "Hot Java" idea, which boasts a dozen genuine Javanese dancing girls and more. None of the few real Arab girl dancers in this country. Others in the act are Gailory, brotherhood comedians; Amanda Chirot, singer; the three Samuels brothers, precision tap artists, and Vincent Yerro, the Javanese impersonator.

Enrico Leide has a special overture entitled "Evolution of the Dance."

Al Evans is still at the organ, and carefully selected new and other short subjects complete the bill.

### DIETRICH IS AT GEORGIA

#### IN "SHANGHAI EXPRESS"

Bells jingle, whistles blow, porters shout, and all the bustle with which an important train leaves a big station sounds in your ears. But you won't understand many of the sentences spoken in this polyglot babble of tongues, for the train is the "Shanghai Express," about to leave the forbidden city with a passenger list that includes Marlene Dietrich and a host of other Paramount stars.

### ATLANTA LOSES PLEA FOR SEED LOAN OFFICE

WASHINGTON, Feb. 26.—The Georgia delegation in the house has practically given up hope that Secretary of Agriculture Hyde will consent to the establishment of a branch in Atlanta to take care of farm feed and seed loans.

Following a long conference with Secretary Hyde, in which Representatives Brand, Wright, Ramspeck and Larsen participated, it was announced that, although the secretary looked with favor on Atlanta as an appropriate location for a branch office, the insistence of Senator Ellison D. Smith, of South Carolina, that Columbia be given the honor, has discouraged the department of agriculture from establishing a new branch anywhere in the south.

J. T. Rose, head of the republican organization in Georgia, was present at the conference with Secretary Hyde, and made a vigorous plea in behalf of Atlanta.

It was pointed out to Secretary Hyde that Atlanta wished a branch agency to take care of loans sought by farmers of Georgia, Florida, South Carolina, and, if necessary, North Carolina. At present, all seed loans must be obtained direct from the department in Washington. Secretary Hyde was advised that a branch in Atlanta not only would expedite the granting of loans, but also would tend to lessen the granting of bad or unsafe loans because of the fact that a committee familiar with local conditions would be present to pass upon all loan requests.

Inasmuch as Senator Smith claims to be the original sponsor of seed loan legislation, it is not now thought that the department of agriculture will invite his antagonism by ignoring Columbia.

### STONE IS CHALLENGED ON CARRYOVER CLAIM

NEW ORLEANS, Feb. 26.—(AP)—Officials of the New Orleans Cotton Exchange say Chairman Stone, of the federal farm board, "apparently has been misinformed in calculating a 13,000,000 bale cotton carry-over this season, and estimating the carry-over at 'about four times the ordinary carry-over.'"

They said records show the average carry-over for the past 10 years has been nearly 5,000,000 bales.

## N'Gi, Baby Gorilla, Slightly Better As Oxygen Is Used to Save His Life

WASHINGTON, Feb. 26.—(UP)—Far away from the heat of his tangled jungle home, N'Gi, baby gorilla, fought death tonight in an oxygen chamber, medical science's greatest weapon against pneumonia.

Late in the day he was reported slightly improved. Respiration was better and he ate a banana.

The chamber was brought to the zoo from the New York University medical center. It is made of rubberized fabric walls and roof, treated by a process to prevent escape of the oxygen. Glass windows allow specialists to keep a close watch on their little patient.

N'Gi was too ill to be moved today and lay quietly in his cage, wrapped in a brightly colored blanket as bar-penters sawed wood and hammered nails and two white-coated New York experts hastily erected the chamber about him.

The baby gorilla will receive constant doses of oxygen three times as great as the amount in normal air, in a desperate effort to relieve the strain of a weakened heart. Specialists also hope it will relieve the pressure on the tiny beast's entire system and enable him to throw off the ravages of his disease.

N'Gi refuses to take medicine and has lost his appetite. Until late today he ate nothing but one orange and that only after a lot of coaxing by his keeper. He appears appreciative of efforts to save his life, officials say.

One youth today pulled the brightly colored blanket about N'Gi's neck and the baby gorilla reached out a hairy arm and placed it affectionately around his friend's neck. His watery and sad eyes spoke approval, too.

He didn't move when a keeper rubbed his black chest with a quinine ointment which seemed to bring some relief from pain. N'Gi accepted one drink of whisky, given as a heart stimulant, but declined another and wiped his lips with a bit of hay when an attendant offered him the second drink.

The awkward little gorilla has eaten so little that he has lost between 35 and 50 pounds. He weighed 110 pounds when taken ill, 250 pounds less than his huge, powerful father, who was shot to death when N'Gi was taken into captivity.

Meantime, the lion house of the zoo, in which N'Gi's cage is located, is closed to visitors. The roar of the jungle beasts is stilled, seemingly out of sympathy. The chattering of the monkeys is less excited.

Attendants speak in hushed voices. Even Jo-Jo, the chimpanzee, who was the main attraction before little N'Gi came, looked sympathetically from a near-by cage. Once after the baby gorilla was brought to the zoo Dr. William M. Mann, zoo director, patted it. Jo-Jo leaped at Dr. Mann's throat.

**All This You Can Win in an Hour--An Hour's Fun!**

There is no magic about winning prizes.

It's up to YOU—nobody but you.

Particularly in this contest, you have every right in the world to compete with the idea of winning. This contest is not a matter of luck, not a matter of chance. It's a matter of skill—the knack of properly co-relating a title to a given picture.

In this contest you pit your brains against the brains of other people. Luck isn't needed.

What you need to win is a good, clear idea and understanding of what the contest is all about, how the prizes are awarded, and what you must do to win prizes.

Don't let anybody tell you that you can't win. The only way you "can't win" is for you NOT TO ATTEMPT TO WIN. Anyone who makes a serious, earnest, intelligent effort has a real opportunity to win.

But, first of all, UNDERSTAND THE CONTEST. Read the description at the left.

## FISTIC FATHERS OKAY GOB-MAX BATTLE IN JUNE

### N. B. A. Votes Official Approval of Titular Bout at Chicago.

CHICAGO, Feb. 26.—(P)—Max Schmeling, of Germany, is still the heavyweight champion of the world in the eyes of the National Boxing Association.

The N. B. A. took a poll of its membership to determine whether the title should be vacated because Schmeling failed to live up to its rule by defending his crown within six months after his battle last July with W. L. (Young) Stribling. But the members voted to give him an extension of time. So the N. B. A. chiefs advised him he would be in good standing anyway until he met Jack Sharkey in their championship match at New York, June 16.

## Maryland Upset In Opening Game

Continued from First Sports Page.

sive in her first victory. Forrest Sale, the tall center, was far from being a sick man as he rang up 19 points to tie with Darby at forward. The Wildcats, coached by Adolph Rupp, displayed dazzling speed and a nifty brand of pass work.

North Carolina, Duke and Virginia stayed in to give the north-south championship hopes. Wilmer Hines, the black-haired tennis star, saved the day for the Tarheels in the game with Tennessee.

Georgia looked good in beating Mississippi State, Leroy Young, at guard, and Bill Strickland playing outstandingly.

The Bulldogs are favorites to get to the semi-finals over Virginia, while Auburn has better than an even chance with L. S. U. Duke and Florida should be another dog fight. The iron test comes with Kentucky and Carolina at 4 p. m. today.

But one can never tell about basketball, if yesterday's happenings are a criterion.

## 'CZAR' PROJECT LAD ON TABLE BY CONFERENCE

Meeting Here Promises  
To Undo Work at New  
Orleans.

By Ralph McGill.

Indications were late Friday that the Southern conference was sure to see some withdrawals at the meeting here in September following the failure to appoint a commissioner to supervise athletics and the removal of the rule, passed last December, making uniform eligibility rule.

The conference plan was tabled when Curly Byrd, of Maryland, chairman of the committee, declared the plan too expensive to be put into effect this year.

It was not stated whether the commissioner plan would be brought up again or not. The general impression was that it was on the table to stay.

The conference spent almost a week working out a uniform eligibility rule last December in the meeting at New Orleans and yesterday rescinded it completely. This automatically moved the conference back under the old rule which allowed each member to certify their athletes as eligible according to their own standards.

**DISAPPOINTMENT.**  
The meeting was a bitter disappointment to those who had led the fight for some sort of uniform requirement. It was pointed out that some universities permitted men to play who were passing as little as six hours of work, while still others required 12 or more.

This also destroyed the uniform entrance requirements, making some athletes able to enter with fewer qualifications than those needed by athletes at other institutions.

Dr. L. C. Glenn, of Vanderbilt University, one of the members leading the fight for uniform entrance and eligibility requirements, said that he was disappointed.

"This opens the bars," he said. "It means that there are no eligibility requirements if the members do not care to have them. It means that this institution may require one thing of a student and another something else and still play the man in football. It means that the school with high scholastic requirements cannot hope to compete with those permitting men to play with low scholastic standards. The doors are open wider than ever before."

**UNDECIDED.**  
Dr. Glenn would not say whether any steps would be taken by the group of four or five interested in uniform requirements and a commissioner toward getting out. He refused to comment on that possibility. The probabilities are, however, that as soon as several of the universities hear from their faculty men some steps will be taken at the next January meeting.

The ban on radio broadcasts of football games was maintained despite a plea by radio men that they be given the right to broadcast the games free of charge. The radio men hinted that they would charge the various institutions with commercialism in their explanations to the radio audience. The football men replied that they had expenses to meet for coaches, stadium debts, equipment and so on and that they could not see why the broadcasts should be permitted. Post-season games do not come under the ban.

## BY VICTOR EUBANK.

NEW YORK, Feb. 26.—(P)—The bond market today made a bow to higher prices with United States government issues still occupying the center of the investment stage.

Renewed enthusiasm was injected into the federal list by the New York Federal Reserve bank's cutting of the discount rate yesterday and a reduction today in the bankers' acceptance rate.

Three of the Liberty loans reached new highs during the session, reacted moderately under further of profit-taking, and retained some of their gains.

Utilities, for the first time in several weeks, attracted attention.

Some of the American Telephone, Telephone and Electric International, and Southern Railway bonds were sold by the majority, St. Louis, St. Paul, and Chicago bonds were in the greatest demand of all the carriers, closing 5-3-4 points higher, and Louisville 4-1-2 was up 1-1-8.

The industrial were not so buoyant, but they were sufficiently strong to raise their averages slightly.

Japanese bonds also advanced. Oil and oil moderately, although through British loans gained from 1-4 to 4-8.

Sales totaled \$12,041,000 and the average for 20 corporate securities gained 2-10 of a point.
